POLITICAL ANNOUNCEMENTS

For Congress

EUGENE FLY, of Gulfport.

Prohibition is trying to take the "lit" out of politics.

The flowers that bloom in the spring are now
abloom.Candidates, when they begin to run, begin to hunt
out the dear people.Dresses are so short that it is hard to recognize a
friend by her dress.Committing suicide has always struck us as a funny
way to solve difficulties.Just because your neighbor disagrees with you is not
a sure sign that he is wrong.Every year there is a new crop of young people who
think they have the world by the throat.It takes hard work to put anything over; if you are
not working hard, you can't expect to succeed.The true test of a man's intelligence, in our opinion,
is the manner in which he participates in an election."Some men argue like their ancestors swung stone-
axes. They often bruise but rarely touch the argu-
ment."We have nothing whatever against peddlers; they
bring us nothing. They do not assist in the growth of
Bay St. Louis.No, Pauline, not every husband takes a five-pound
box of candy home after ten years of matrimonial bat-
tles.There are 27 work days in May and this means 27
reasons why your subscription should be "in advance"
by June 1st.Some wise scientist will probably develop synthetic
money one of these days and then put \$35.68 in the sav-
ings account will be useless.Wouldn't it be a joke on us if we discovered that the
world really ended years ago and that we have only
imagined that it is going on?Why is it that men will hunt up and read some
trashy, scandalous novel and dodge a serious discussion
of a public matter as though it were contagious?The sweet young things will propose many marriages
this summer without saying a word, except, "this is so
sudden!"Our extra slice of pie for this week is awarded to
the commencement orator who plans to speak on the
evils of speaking.Correct this sentence: "We want you to spend the
month of August with us, and you must be sure to in-
vite your friends to visit you here."Men go to church for various purposes and most of
the reasons they give are better than those we have
heard offered by those who do not go.Advertise your goods, Mr. Merchant, and ask the
people of Bay St. Louis to visit your store. When you
invite a man somewhere he usually comes.Democracy is on trial every time the people are in-
vited to go to the polls. When the voting is over the
losing side is sure that the verdict should be "guilty."Religion is not to blame for most of the crime that
we read about. Say what you please, a real Christian
seldom murders a man. Isn't this recommendation
enough to make non-churchmen ponder?

CHICAGO EXPECTS MUCH.

Chicago is already vigorously planning her 1933
world's fair and the trustees of the forthcoming event
anticipate that 75,000,000 visitors will come to Chicago
for the occasion, that each one will spend \$15 and that
makes \$1,125,000,000!So you see how easy it is to make a success! Phil-
adelphians who read these rosy estimates will be par-
doned for side remarks. The lesson that city learned
and is still paying for was expensive. Chicago, how-
ever, wants to have the experience for herself, although
the general spirit of the planned exposition is to be
educational in the finest sense, without any effort to
afford spectacular magnitude.

SHORTER ROAD DESIRED.

The novelty of the newness of the roadway extend-
ing between New Orleans and Bay St. Louis is attract-
ing many and this number will be augmented during
the peak of summer travel, but even already there is a
general disposition to have this distance shortened.By ferry route the distance measures eighty-two
miles, however, ten miles of this has been eliminated by
the pay-bridge route over Lake Pontchartrain.But even this is too far. With the completion of
free bridges over Chef and Rigoleta waters, it is plan-
ned to cut off at least twenty-five miles, possibly thirty,
we are told, by building a causeway over Pearl River
swamps, cutting into Pearlborough or thereabouts and
making it possible to travel over a straight air line from
that point on to Bay St. Louis and through Waveland.This is no idle dream. We are told by parties fos-
tering this project, the plan is both feasible and prac-
ticable and comparatively speaking, it will not be long
before it will have been accomplished. The project
is being discussed in the most serious manner and
it is being given the most careful consideration.

HONOR MOTHERS ON NEXT SUNDAY

Sunday, May 13th, is "Mother's Day."
The 13th may be catalogued as unlucky, but this
year the date marks the celebration in honor of the
greatest heritage that ever could be bestowed—mother.
It matters not from what walk of life you may have
come, there is nothing synonymous to the love and care
which a mother has for her children. Therefore, it is
fitting that one day in the year be set aside to pay
tribute to her, who has known the joys, sorrows and
cares of everyone of us. She rejoices in our success, in
our pleasures and our accomplishments, and likewise,
also she sorrows with us in our reverses and disappoint-
ments.Let's remember our mothers on May 13th. If we
cannot be with her, let's not permit her to think that
we have forgotten. Write her a letter, send her a tele-
gram or call her over the telephone. You will never
know how much she will appreciate it. The cost will be
trifling no matter how much, to be compared with the
genuine pleasure it will give her who has watched over
you from infancy and still has a keen interest in what
you are doing and your welfare, no matter where you
may be.A present of some kind or other or a basket of flow-
ers would not be amiss. She would love to know that
she still holds a place in your heart, as you do in her's.The celebration of Mother's Day was inaugurated
some years ago. At first it was confined only to this
country, but today it has spread to practically every
country of the globe.Red and white roses will be used mostly in the cele-
bration of the day. However, other flowers of the same
color can be used equally as well. If your mother is
still alive, wear a red flower in the lapel of your coat or
on the front of your dress. If she is no longer living, a
white flower is used to symbolize her passing. The
flower shops will be prepared to supply the demand for
flowers on this occasion.Do not let the opportunity slip by. Let the world
know that you honor, love and respect the woman who
gave you birth. You owe everything to your mother.
Try and pay a small portion of the interest on the debt
by publicly acknowledging the indebtedness.

WHY READ EDITORIALS?

Readers of these columns, wherein the editor from
time to time passes his views along to the subscriber of
The Sea Coast Echo, ought to realize, by this time, that
we are not trying to convert everybody to our way of
thinking.Frankly, we want our editorial columns to be inter-
esting and for that reason every week we manage to
find something along different lines. Few of our ar-
ticles are intended, however, to serve as propaganda for
any cause, public, private, living or dead. We have our
own viewpoint and we set it down, merely as a starting
point for your own mental reaction.If you agree with what we say, well and good; if you
disagree, just as well and just as good. The younger
people of this section will find, we hope, tolerance and
a latitude of expression in our columns. They are also
invited to express their comments on any subject, and
we will be glad to print them if they are not too long,
regardless of whether they lineup with our attitude or
not.One of the best assets that any community can have
is clear, unprejudiced thinking, which can be done only
by minds that are accustomed to looking at things as
they are rather than as we want them to be. Nature
has done well in producing the present world, but there
is so much room for improvement that all of us are
pessimistic, at times, until we think how much worse
things could be, and then we have to be optimists.

A SERIOUS MENACE.

The attention of The Sea Coast Echo has been called
to the parking of automobiles on the Bay St. Louis bi-
county bridge, in the vicinity of the draw.We are told these cars are owned by people who may
be found along bridge at some point fishing or engaged
in "fishing" of crabs. Sunday night a car was found
"parked" on the eastern side of the draw for quite a
while and a menace to every car in the heavy traffic
going to and fro; in fact, in one instance it is reported
to The Echo there was a near-accident.The Bay St. Louis bi-county bridge is nothing less
but a highway, a continuation of the O. S. T. and was
built under provisions of the law embracing highways.
As such it should be clear of all obstruction or else,
sooner or later, there will be chronicled another terri-
ble tragedy.Since the bridge is maintained by the State Highway
Department, and was built under its auspices, the de-
partment is the right authority to file complaint. A
marked copy of The Sea Coast Echo containing this
article, with a letter accompanying, shall find way to
the Mississippi Highway Department.Parking of autos on the highway bridge is a serious
menace and the sooner remedy is applied the earlier we
may expect the removal of this hazard.

DEATH OF J. SIDNEY OTIS.

The passing away Monday of one of Hancock county's
leading citizens, J. Sidney Otis, which occurred at
New Orleans, was received with universal sorrow where-
ever he was known. No citizen was held in higher re-
gard personally and more generally esteemed than he.
The loss to Hancock county and his friends is distinct,
irreparably to those with whom he was associated in
business. Every factor of human endeavor for the
uplift and general amelioration of mankind is affected.Mr. Otis was a most successful business man, not
so much according to the modern rule we are prone to
judge, only too frequently, but from a sense of strictest
integrity, moral soundness and honor. In private life
to Mr. Otis the golden rule was outstanding. His home
life was ideal. Although a busy man, he was intense-
ly associated with church and fraternal work. In fact,
every cause for the general and individual good was
espoused by his interest and assisted with lavish hand.His death, resulting from an auto accident,
was untimely; a life meaning so much, was unexpect-
edly sacrificed. His home and community, his immediate
loved ones, friends and acquaintances robbed of his
tender and ever-solitious concern.

FIGHTING FIRE WITH DUST.

Fire fighters, volunteer and paid, will be interested
in the new machine reported from Hungary, which, it is
claimed, will prevent the damage that water always
causes in residential fires. The inventor, Kornei Sali-
way, is the fire chief of Budapest and his machine has
been tried several times with great success.The new machine sprays neither water nor chemicals,
but a chemical dust which smotheres fires in much the
same fashion that present day chemicals do, with the
difference that no flames remain after the dust has
been applied. The machine is simple in construction and
easy to operate. It is being manufactured in Hungary
and is being sold in large quantities to the fire de-
partments of many cities.

OUTBOARD MOTOR RACES—THE THING.

Residents of the Gulf Coast, in
common with numerous visitors, are
finding their newest thrill this spring
in outboard motorboat races, both on
the open sea and on bays, bayous and

races at Shorecrest, on Biloxi river,
brought out 113 automobiles with
500 spectators. Other racing waters
are at the Biloxi Yacht club course,
Bay St. Louis, and the Pass Chris-
tian and Gulfport sea fronts.He: I haven't the cheek to kiss you.

Protect Your Investment in Your Model T Ford

THE Ford Motor Company is making a new car, but it is
still proud of the Model T. It wants every owner of one
of these cars to run it as long as possible at a minimum
of expense.Because of this policy and because of the investment
that millions of motorists have in Model T cars, the Ford
Motor Company will continue to make parts until, as
Henry Ford himself says, "the last Model T is off the road."More than eight million Model T Fords are still in active
service, and many of them can be driven for two, three
and five years and even longer.So that you may get the greatest use over the longest
period of time at the lowest cost, we suggest that you take
your Model T Ford to the nearest Ford dealer and have
him give you an estimate on the cost of any replacement
parts that may be necessary.You will find this the economical thing to do because a
small expenditure may enable you to maintain or increase
the value of the car and give you thousands of miles of
additional service.No matter where you live you can get these Ford parts
at the same low prices as formerly and know they are made
in the same way and of the same materials as those from
which your car was originally assembled.Labor cost is reasonable and a standard rate is charged
for each operation so that you may know in advance
exactly how much the complete job will cost.

STANISLAUS SLAUGHTERS CRESCENT CITY KNIGHTS

Collier Pitches Great Game, Winning 13 to 3—Rockchaws Fatten Batting Averages—Five Doubles and Three Triples Play Havoc With Twirlers.

Another scalp in the Rockchaw collection, this time it was the hair of the Knights of Columbus team from Council No. 714 in New Orleans, that was raised when that aggregation of ball tossers crossed bats with the House-of-Brains swatters last Sunday out at the stadium and lost by a score of 13 to 3.

The Rocks played almost perfect ball in the field and contributed two double plays and some sensational catches to make the game interesting despite the one-sided score. Toca at short handled eight chances perfectly and was on the starting end of the brace of doubles.

Cotton Collier was on the hill for the Rocks and had the situation in hand from going to gong, twirling a very good game; he eased up in the ninth when the score stood 13 to 3. He was safe on a drop ball, then he ran to the good and allowed three hits for two runs. The Cotton top also did his share at the willow end, getting three hits out of four times up.

For three innings things were very much on the level, three order, except in the Rocks' half of the third when a chance to score was blown up as Fernandez swatted out a triple and was called out for failing to touch first base. He could have easily made it safely and scored as Collier drove out a safety to left immediately after.

Barre started out on the mound for the Casesys and began with a gill-edge ball, but the Rocks got onto his benders in the fourth spasm and tallied a couple of runs on two hits and an error. Then in the next period the Collegians went after Mr. Barre with a vengeance and when the smoke had blown away five runs had been garnered on five hits, two of them doubles, and Lil Barre was horsed combat.

The battery work of Collier and Glover was working smooth, the well-oiled machinery, one hit in each, the second, fourth and sixth was allowed, in the seventh the Casesys bunched two and scored a run. It was just luck, however, as Bizot hit a fly to center and the sun blinded Hayes, he could not see the ball.

Marphs relieved the stricken Barre in the sixth and pitched a good brand while the Rocks were getting on to him, then in the eighth Perkins swatted got busy and the fur flew so that Mr. Marphs was in as badly as his predecessor and doubtless prayed for a quick ending.

The game Sunday went further to attest to the fact that Grady Perkins has a very good team this year and one that should get more support from the fans of this town than it does. What do the "Sports" of this burg really want? Any town would be proud of the team that Stanislaus has put in the field this season, and most any of them would pack the stands to see the good work going on. Next Sunday every fan will be given double his money in return for his attendance, free Coke and a good looking girl to sit next to him. Wonder if that would bring 'em?

How the Runs Came.
In the fourth Potts Perro singled over second, Glover laid down a pretty sacrifice and advanced Potts to the keystone, Fabacher popped up but Barre dropped the ball. Kenner then laced out a triple, scoring Perre and Fabacher, but getting tagged when he tried to stretch it into a homer. In the next period the barbecue started and with five hits and two errors the Rocks ran wild and scored

five runs, putting the salt in the freezer. Sporl went down third to first. Fernandez struck out the pill three times and considered himself out when he saw that Mouldous had dropped the ball, he thereupon laced out for first and Charley made a bump, telling Fernandez to go safe. He stole second neatly and scored when Cotton drove a double into the center garden. Pizen Toca lobbed out a single to right. Perre put a bingle to left, scoring Cotton. Glover doubled to right scoring Toca. Dutch fanned. Kenner hit a high one to Winters in center and that gentleman muffed it, Perre and Glover tallying. Hayes singled over third but Sporl ended Mr. Marphs' agony by popping to second.

The Knights scored a lone tally in the seventh. Downs was safe after a bad peg from Glover. Douson flew to Sporl. Winters laced out a neat single to left advancing Downs. Naumann popped to Perre, Bizot flew to Hayes, but the sun blinded the center six more on eight hits and a passed ball.

Fernandez was down short to first. Collier doubled to left, Toca singled to left. Perre's Texas Leaguer scored Cotton. Perre, swiped second. Glover scored with Toca when Glover banded out a triple to right. Glover marked when Mouldous let one of Marphs' benders get by. Fabacher doubled to right but went out when he tried to stretch the hit into a triple. Kenner was safe on a drop behind second. Cantara, batting for Hayes, got into the extra hit line when he laced out a triple to right, scoring Kenner. Sporl doubled and Cantara tallied, then Fernandez took pity on Mr. M. and popped to third.

The game really was staged in the ninth and two lies recorded. Douson was safe on a hit through second. Winters safe to left. Naumann forced Winters at second. Bizot was robbed of an extra base hit by Fabacher's beautiful running catch. Mouldous tripled to right, scoring both Douson and Naumann and Maithes, pinching for Marphs went out second to first.

Overhauling Your Car Will Help Prevent Accidents.

Every year the automobile takes a heavy toll in injury and death of thousands of humans. With the coming of the summer—the vacation period, the accidents will become more numerous. Right here in Hancock county there will be a proportionate share of these accidents. Some folks who are walking the streets today safe and sound as to body, may before the year's end be suffering from injuries which may be permanent and which may even mean untimely death.

This is not the outburst of some calamity howler, neither is it the intonation of the writer to be styled a harbinger of evils which are impending. The whole thing is being put into type in the kindest spirit and with the hope that none of these things may befall any of the dwellers in this community.

Your automobile—How safe is it? How familiar are you with your car? How long has it been since you have had your mechanic to give it the once over? Your brakes—will they hold in an emergency? Are you familiar with, and do you observe the rules of, the road? Are you considerate of the man in the other car? Are you really careful in your driving when you are passing pedestrians and especially careful when you are passing children?

Would your answers to the above questions give you a perfect score? Or are you deficient in any respect? If so, then you owe it not only to the public generally, but to yourself in particular to correct the deficiency so that you can qualify as a safe driver, and your car can qualify as a safe machine to be on the street and on highways. When you can so qualify you can be "classified" as a reasonably safe driver on the road. So long as you are deficient in any one particular, you and your car are a menace to the public safety, and you may be the one who may send some persons to an untimely grave or make a cripple out of him for life.

No one wishes to contribute, either unavoidably or otherwise, to the misfortune of anyone. This being the case, don't let another day roll over your head without putting yourself through this examination. First of all be sure that your brakes are in prime condition, that your lights burn perfectly, that there are no loose bolts about your car. Put the tools in ship shape and when you climb into the driver's seat, remember that you are not the only fellow on the road, that the streets and highways were not put there for your particular benefit.

Lakeshore Nine Win From Coast Stars: Score, 12-6

The Coast Stars played a good game, but Lakeshore was little too strong. Coast Stars will play at Gulfport Sunday on Gulfport diamond at 2 p. m.

Left on bases, Stanislaus, 7; Knights of Columbus, 6. Double plays, Toca to Kenner; Toca to Perre to Kenner. Time of game, 2 hours. Umpire, Gaddy (Miss. A. & M.).

HAROLD LLOYD IN NEW FEATURE FILM

AT A. & G. THEATER
"Speedy" Is Tide of Latest Laughs and Thrills—Sunday and Monday.

Just when everyone is beginning to think there is nothing new in comedy, Harold Lloyd pops up with a new picture, and explodes the idea. He does it with a bang with his latest masterpiece "Speedy," in which he gives one of his best characterizations, as well as providing bigger and better laughs than we have had since he issued "The Kid Brother."

The new comedy comes to the A. & G. Theater, Bay St. Louis, Sunday evening and will be repeated Monday night. This is said to be Lloyd's best feature.

"Speedy" is straight comedy, with the usual amount of romance, and an even greater amount of thrills than Lloyd has given since "Safety Last." There is a little something for every one in "Speedy" for its variety of comedy runs almost the entire gamut of those who follow "baseball," will have Babe Ruth to visualize in addition to Lloyd, for the home run king takes care of an important part in the development of the Lloyd story. Ruth had temporarily abandoned the idea of doing any more screen work, but when his friend Lloyd proposed a part to him in "Speedy" the sultan of swat was not long in making his decision to accept it.

As a taxicab driver, and the pilot of a horse car, Lloyd gives a ray of light to the story, but a modern setting, Lloyd provides thrill after thrill but not overlooking for an instant the all important fact that he is a comedian and his public expects to laugh while he is on the screen.

WORK AND PLAY AT S. J. A.

Holy Angels Entertainment and Fair a Gratifying Success.

S. J. A. was crowded to its capacity last Saturday with the people who came to see what the Holy Angels' Sodality could do. Nor were those who witnessed the entertainment disappointed for the Primary Department of S. J. A. showed that it could hold its own in the theatrical line as well as in the upper grades.

The First Graders in their charming nighties and the Second and Third Graders in their lovely frilled aprons and caps won their way straight to the hearts of all as we had prophesied they would.

The colorful and attractive butterfly dresses of the Fourth Graders made their dance number a great success. The Fifth and Sixth Graders were most lively and animated in their delightful little play, while "The School Master Abroad," in which the Second and Third grade boys featured, elicited many a laugh from the audience.

All in all the program was a great success. Every number was warmly applauded and seemed to be heartily enjoyed. The Junior music pupils proved a credit to themselves in the rendered before the acts.

Holy Angels Now Able to Cancel Their Debt on Church Window.

As a result of last Saturday's entertainment and fair the Holy Angels will now be able to cancel their debt to the stained glass window which was their gift to the church.

Children of Mary Donate Their Proceeds of Fair to Shrine of Our Lady of the Woods.

The Children of Mary will give their share of the proceeds from the Holy Angels' entertainment and fair to pay for the repairs, which were made to the Shrine of Our Lady of the Woods during the past year. This donation to the Shrine was one of the chief ends which the Sodality had kept in view since the beginning of the season and it is most gratifying to them to see the accomplishment of their aim at the present time.

St. Margaret's Daughters Give Generous Aid.

Both the Holy Angels Sodality and the Children of Mary most cordially acknowledged the generous donation which the St. Margaret's Daughters made to the various booths of the fair. This gift proved a great help to both Sodalties and is a favor for which they are truly grateful.

The Holy Angels' Sodality also wishes to thank the S. C. band for the delightful music which it provided during last Saturday's entertainment.

Exhibit of Art Department at Hancock County Bank Building.

The art pupils of the present year as well as of several preceding years will display specimens of their handiwork during the week at the Hancock County Bank building. Local talent will be represented in goodly numbers and under many various forms. The exhibit will be free and we feel sure that it is worth while to see. S. J. A.'s Art Department therefore invites you to witness its display on Thursday and Friday, May 10 and 11, from 2 to 5 p. m. on the second floor of the Hancock County Bank building.

The art pupils of S. J. A. gave a delightful surprise to Mother Claire last Saturday when they presented her with a lovely little basket filled with silver coins. The presentation was made to honor the twenty-fifth anniversary of Mother Claire's arrival at Bay St. Louis. Mother was deeply touched by this thoughtfulness of her pupils to whom she wishes to express her hearty thanks.

"MOON OF ISRAEL" IS BIG MASTERPIECE AT A. & G. THURS'Y

Stupendous Production For One Night Only—From H. Rider Haggard's Book.

"Moon of Israel," Biblical and super-natural masterpiece of all times, based on Sir H. Rider Haggard's famous novel, comes to the A. & G. Theater Thursday night, 17th, instant, and will be the super production of the season. The story is a gripping tale of adventure, and the most impressive story of Egypt and the Pharaohs that the screen has ever shown.

NOTICE OF TRUSTEES SALE OF LAND

Whereas, on the 15th day of July, 1922, A. J. Bilbo and Amelia Bilbo became and were indebted to the Federal Land Bank of New Orleans in the sum of \$4,000.00, said indebtedness being evidenced by a certain promissory note of said date, signed, delivered and fully executed by said A. J. Bilbo and Amelia Bilbo in favor of the Federal Land Bank of New Orleans, the said note being in the principal sum of \$4,000.00, bearing date as aforesaid and maturing under certain annual amortization installments with interest at the rate of five and one-half per cent per annum thereon from its said date until payment thereof should be made, and providing for an additional amount used thereon as a reasonable attorney's fee in the event same is placed in the hands of an attorney for collection upon default in payment at maturity, and

Whereas, the said A. J. Bilbo and Amelia Bilbo in order to secure the payment of said note in accordance with its terms, did execute a certain deed of trust recorded in Volume One, Page Thirty, of the Federal Farm Loan Mortgage Records of Hancock County, Mississippi, in which said deed of trust as security for the payment of the said note and indebtedness thereby evidenced, the said A. J. Bilbo and Amelia Bilbo conveyed and warranted unto Barrett Jones as trustee all and singular those lands lying and being situated in the State of Mississippi, County of Hancock, and more particularly described as follows, to-wit:

The North West Quarter (nw¼) of South West Quarter (sw¼), and South East Quarter (se¼) of South West Quarter (sw¼) of Section Twenty (20), Township Five (5), South, Range Fifteen (15) West, except two and a half (2½) acres in the South West corner of the South East Quarter (se¼) of South West Quarter (sw¼), described in a deed from William Gibson to George W. Spiers, recorded in book 42, page 56, of the Deed Records of Hancock County, Mississippi.

The North West Quarter (nw¼) of North East Quarter (ne¼), and the East Half (eh½) of the North West Quarter (nw¼) of Section Thirty (30), Township Five (5), South, Range Fifteen (15) West.

A tract of land described as follows: Beginning at a point at the North West corner of the North West Quarter (nw¼) of South East Quarter (se¼) of Section Twenty (20), Township Five (5), South, Range Fifteen (15) West; (thence running North Fourteen (14) Chains and Seventy (70) Links; thence North Twenty (20) Chains; thence East Twenty (20) Chains; thence North Five (5) Chains and Thirty (30) Links; to the place of beginning, being a part of the South East Quarter (se¼) of North West Quarter (nw¼), and a part of North East Quarter (ne¼) of South West Quarter (sw¼) of Section Twenty Seven (27), Township Five (5), South, Range Fifteen (15) West; all of said land being situated in Hancock County, Mississippi, and

Whereas, the said A. J. Bilbo and Amelia Bilbo have failed and refused to pay the amount coming due on the 15th day of January, 1928, as provided for in said note and deed of trust, and

Whereas, by virtue of the conditions of the said note and deed of trust all of the remaining portion of the said note secured by said deed of trust becomes due and payable and the said deed of trust is unperfected and unexecuted, and

Whereas, the said deed of trust full authority is given to the Federal Land Bank of New Orleans to appoint at will another or substitute trustee to act in the place and stead of the said Barrett Jones, which substituted trustee shall have all the power and authority to act as was conferred on the said Barrett Jones by the terms of the said deed of trust, and

Whereas, in the pursuance of the authority and privilege granted in the said deed of trust, said Federal Land Bank of New Orleans, did on the 10th day of March, 1928, by instrument of writing of the said date, recorded in Volume 28 on Page 207-8, of the records of mortgages and deeds of land in Hancock County, Mississippi, appoint the undersigned Robert L. Jones as substituted trustee in the said deed of trust, in place and stead of said Barrett Jones, the trustee herein named, the said Robert L. Jones as substituted trustee to have all of the power and authority to act under said deed of trust, as was therein conferred on the said Barrett Jones; now therefore, I, the undersigned, said Robert L. Jones, being thereto requested by the said Federal Land Bank of New Orleans as substituted trustee in foreclosure of said deed of trust in satisfaction of the said indebtedness thereby secured, during lawful hours on Monday the 4th day of June, 1928, will sell at public outcry, the above described land and property to the highest and best bidder for cash, before the front door of the Court-house in Hancock County, Mississippi, in the City of Bay St. Louis.

WHY motorists prefer CROWN GASOLINE

They have found from experience that CROWN starts better because it is fast-firing; pulls hills better because of its added power; gives longer mileage because it burns up completely. In short—a better "all-round" gasoline.

Use CROWN regularly. You too, will notice the improved operation of your motor.

Every time you buy a gallon of gasoline— you pay 4c per gallon Mississippi State Tax

CITY ECHOES.

—Mr. Lee Hazen, of Baton Rouge, was a welcomed visitor at the home of Dr. Plunket on Sunday.

—Don't let that picnic or outing worry you. Let the Beach Drug Store prepare your sandwiches.

—Judge J. A. Breath returned home Sunday night from a week-end visit to the home of his daughter, Mrs. Calogre, and her family.

—Mrs. F. C. Bordages, Sr., and Miss Bordages had as their guests for the week-end, Mr. and Mrs. E. J. To-cia and little son, from New Orleans.

—Mrs. Josie Mayor returned home from New Orleans a few days since, visiting relatives and friends, and enjoying her stay generally. Mrs. Mayor is stopping indefinitely with Mrs. M. V. Gex and family.

—Mrs. H. L. Kergosien and young son and daughter, will leave shortly for Monroe, La., to visit at the home of her parents, Mr. and Mrs. John Gaines, for an indefinite period.

—Mr. and Mrs. W. B. Harbeson, of Pensacola, were the week-end guests of Mr. Harbeson's daughter, Mrs. (Dr.) Randolph Plunket, in Union street.

—Mrs. E. J. Dubac has returned from a most delightful motor trip to Virginia, where she visited her daughters, who are attending Interment college as seniors.

—Don't forget your truest sweetheart, "Mother's Day." Send her a box of Whitman's or Elmer's chocolates for Mother's Day, Sunday, May 13th.—Beach Drug Store.

—Joseph di Benedetto, recent purchaser of the M. T. Bangard place corner St. Francis and Ballentine streets, has moved his family to their attractive new possession and enlarged his place of business as a result of moving his residence from the latter place.

—Capt. and Mrs. C. B. Fisher left during the week for Brookhaven, Miss., where they will reside for an indefinite period. Captain Fisher, some time since, acquired considerable timbered land values in that section and his presence is necessary in the interest of his investment.

—"CHICKEN BONES." Candies of Flavor. Everybody is eating "Chicken Bones." The pound can is 75 cents at the Atlas Drug Store.

—Miss Marion Saucier entertained a party of friends from the Crescent City the past week-end at her home in Union street in the persons of Mrs. John Warner, her daughter, Miss Thelma, and Miss Vivian Bur-glass. Mr. John Warner, Jr., arrived on Sunday morning.

—Mr. and Mrs. Ed. J. Bordages have returned to their home in El Paso, Texas, after a visit to their relatives, Mrs. P. O. Bordages, and family, on the beach front. Mr. Bordages recently underwent a most serious operation from which he has fully recovered and is the very picture of health.

—Motoring from Gulfport Tuesday afternoon and visiting friends of their former home town, Mrs. P. B. Clifford, Miss Florence Clifford and Mrs. E. W. Fassman and Mrs. Ripley White, of Centerville, Miss., accompanied by Mrs. V. I. Clifford and sons, of Gulfport, spent several hours in Bay St. Louis in mutual pleasure.

—If mother does not care for candy come in and select a beautiful hand-painted novelty. Mother's Day, Sunday, May 13th.—Beach Drug Store.

—High winds Sunday afternoon caused two partly insulated wires to set fire to the rear of Christ Episcopal church, beach front and Carroll avenue. Smoke resulting was duly discovered and timely assistance averted much damage that would have occurred otherwise. George S. Horton, local electrician, disconnected the menacing wires.

—Delicious home-made candies at Mauffray's Store.

—Mr. and Mrs. Adam Lorch, Sr., are spending the spring season at their summer home on the beach front, near Carroll avenue, and their dwelling is undergoing extensive improvements and renovation, principally the building of new window projections to the rear and a most attractive new roof covering. Such attention to property enhances the beauty and attractiveness of our beautiful city.

—Mrs. Harry Stuart Sadler and daughter, Eryn, accompanied by Mrs. L. M. Caillouet and little son, are spending the spring season at their summer home on the beach front, near Carroll avenue, and their dwelling is undergoing extensive improvements and renovation, principally the building of new window projections to the rear and a most attractive new roof covering. Such attention to property enhances the beauty and attractiveness of our beautiful city.

AMERICAN railroads measure their income on basis of average revenue received for transporting one ton of freight one mile, and for transporting one passenger one mile—these units being known as rate per ton mile and rate per passenger mile. It is an interesting fact that since 1921 the passenger rate has been reduced 6.2% and the freight rate 15.3%.

This reduction in freight rates has meant a saving to the shippers of more than four billion dollars. In other words, if the shippers of freight over the United States railroads had been obliged to pay, during the years of 1922 to 1927 inclusive, the same rate for moving their traffic, measured by the cost per ton mile, that was paid in 1921 under the order of Governmental authority, the aggregate cost, which would have of course been additional revenue for the railroads, would have exceeded four billion dollars. This reduction has been uninterrupted, each year showing a reduction in comparison with the year before.

During this six-year period the L. & N. R. R. Company's freight rates, as measured by the revenue per ton mile, have decreased about 15%—thus enabling the patrons of this Road to save something over \$102,000,000.

Doing a better job than ever before, and reducing its charges therefor—the steam railroads of the United States deserve your freight and passenger patronage.
